

After creating a PDF of your template using the InView Template Creator, e-mail or bring the PDF to your local, wide-format printer (you can use the Print Locator within the Microsite to locate a wide-format printer near you).

Along with the PDF, provide your local, wide-format, printer with the information and specifications outlined below.

1. An overview of the printed template poster.

The online template tool generates a full-scale PDF. The PDF will be used to print a paper poster that will fit behind a clear, dry-erase lens.

2. Final Trim Size

Final Trim Size (included in the file name of the PDF). It's also recommended that you communicate the orientation (e.g. portrait/vertical or landscape/horizontal) to the printer.

Portrait (vertical):

Trim Size:
11" x 17"

Trim Size:
17" x 22"

Trim Size:
22" x 34"

Trim Size:
34" x 44"

Landscape (horizontal):

Trim Size:
17" x 11"

Trim Size:
22" x 17"

Trim Size:
34" x 22"

Trim Size:
44" x 34"

3. Other Printer Specifications

Color: Print using a full color printer

Ink: Water-based UV ink (recommended)

Paper Thickness: Heavyweight paper which does not exceed 7.5 mil thickness

Paper Finish: Standard matte finish (recommended)

Finishing: None (i.e. no lamination, coating, varnish, mounting, etc. is necessary for this poster's use)
